This year, there will be a competition for best student poster award at the Innovations 2012. This award will be given to recognize student excellence in research and presentation.

All accepted posters will be eligible for nomination for this award providing they meet the requirements and guidelines for student poster session as described on the website. The presentations should consist of well-prepared materials about the work, posted on a designated

board. It is required that an author should be registered for the conference and in attendance to present details and answer questions during the designated session time. Since the award will be made at the session, it is recommended that the authors be present for the majority of the session.
